UNIVERSITY-WIDE SEMINAR

Strategies for STEM Retention from a President's Council of Advisors on Science & Technology Report

Dr. S. James Gates, Jr.
University System of Maryland Regents Professor
John S. Toll Professor of Physics
Center for String & Particle Theory Director

The U.S. President’s Council of Advisors on Science & Technology (PCAST) issued a report entitled “Engage to Excel” in 2012 to describe the need for transformation in the first two years of post-secondary education in Science, Technology, Engineering, and Mathematics (STEM) fields. Recommendations from this report will be presented.

Register at: https://ers.tamu.edu

There is no charge for attending; however, registration is requested.
