Additional Requirements:

This program requires the completion of two minors in order to reach graduation. One is the Philosophy minor, the other is a minor of the student’s choice from outside of the College of Liberal Arts. It is preferred that students peruse the available minor list at https://registrar.tamu.edu/Registrar/media/REGI_SpecPDFDocs/UniversityApprovedMinors.pdf and discuss in their essay text which minor they intend to pursue. It is best to already have approval from the minor program before applying.

The Business minor should not be considered as an automatic default choice, due to the large size of the classes and how challenging it can be to enroll in them this is often not an ideal program.
Making an advising appointment before submitting this form is highly recommended. Students should not leave the Essay field blank, the minimum required statement should include whether or not you have met with the departmental advisor and a rationale for why you wish to change your major. Students lacking any of the required coursework should also indicate when they plan to do that under the Waiver section. Submissions left blank which lack any one of the requirements will be automatically denied. See advisor if you have any questions before submitting this request.

Language courses should be started as soon as possible and are recommended to be completed by the student by their junior year, if they can be.
